NEW SUNDAY SCHOOL CURRICULUM

A new Sunday school curriculum for the children and youth of LUMC was kicked off during the 2016 holiday season. "D6" was the chosen curriculum for children and youth ministries. It is also the goal to have some adult small groups that will implement this curriculum into their Bible studies and classes. The purpose of this change is to help integrate all age groups of the church into an intergenerational family ministry that allows parallel biblical learning. Children, youth, and adults will be learning the same topics and themes together.

The transition to a new curriculum will take some time to adjust. We appreciate your patience and understanding as we go through the process. Your feedback and questions are encouraged, so please feel free to share them with the appropriate church staff person:

- Children-Alisha Artis, aartis@linworthumc.org
- Youth-Jessica Cavinee, jcavinee@linworthumc.org
- Adults-Pastor Matt Yoder, myoder@linworthumc.org

We are excited to explore and learn more about intergenerational ministry as a church family!
